and Diversification

## Navigating New Horizons

The DMADD team carries out monthly workshops named 'ThursdayTraining'. These short trainings aim to facilitate knowledge sharing among its members. The sessions are planned to be conducted on the last Thursday of every month.

The primary objective of these workshops is to enhance mutual understanding and upskilling among team members, ultimately contributing to the achievement of the project's overarching goals. The D'MADD team will share insights related to their work as well as have the chance to impart valuable experiences and life lessons that could benefit the entire team.

This initiative not only promotes professional growth but also strengthens the bonds within the DMADD team, setting a positive tone for collaborations and teamwork.

## Financial Reporting

30 May 2024

The Finance Management Specialist presented on financial reporting standards and how reporting standards are applied in the government perspective.

She explained the accrual and cash basis book keeping and their advantages and disadvantages.

The presentation was very engaging with lot of questions from the members. Various ideas was passed around including how we can adapt these techniques for personal finance management and in business management.

ment and in business management.
